Jude Chow Chee Ping, Group Managing Director of Associated Engineers, Limited (AEL), graduated from the University of Sydney with a Bachelor in Mechanical Engineering, and went on to obtain his Master in Engineering Management from the University of Technology and his EMBA from the Australian Graduate School of Management. He is currently in the DBA program of the City University of Hong Kong. In his early years in Australia, Jude had involved extensively in large scaled construction engineering, airport engineering and environmental engineering projects. Before joining AEL, Jude had taken up a regional strategic position in a global German technology company. Jude is currently focusing on environmental development and waste solution as well as actively taking part in various environmental-related collaborations in recent years.
