(Email : wklo@engineer.com)

Dear Ir Dr WK Lo

Challenges and Opportunities with Food Waste Management
Thursday, 6 Dec 2012, Conference Hall, Hong Kong Productivity Council Building

On behalf of the Organising Committee, may I extend our sincere invitation to your Organisation to be a non-financial supporter of the captioned Forum.

Food waste management has been a topic of long debate in Hong Kong. Despite the total amount of MSW disposed at landfills appears to have stabilized over the past several years, the amount of food waste disposed has increased sharply in 2011. If managed properly, the organic-rich food waste can be turned into valuable resources. Otherwise, it can create public nuisance, burden on landfills as well as other environmental problems.

The Environmental Division of the Hong Kong Institution of Engineers (HKIE) and the Hong Kong Waste Management Association (HKWMA) have therefore decided to jointly organize a one-day forum on Food Waste Management, drawing on the know-how from local and international experts. The purpose of this forum is to provide a platform for the policy makers, government officials, academics, consultants, engineering professionals and property management practitioners to exchange views on food waste management policies, treatment technologies and management practices, taken into account the unique constraints and circumstances in Hong Kong.

We would be most grateful if your Organisation could confirm in writing to accept our invitation as a non-financial supporter of the Forum, and help publicizing the

event to your members and encouraging their participation in the Forum. As a token of appreciation, we would like to offer 2 free passes to your Organisation in attending the forum. If you need further information, please do not hesitate to contact me at Tel: 2788 5647 or Email: Kenny@hkpc.org, or Ir Barry Lee at Tel: 2565 3150 or Email: barrylee@atal.com.hk.

Thank you in anticipation of your support and I look forward to hearing your favourable reply.

Yours sincerely

INVITATION FOR PARTICIPATION

Introduction

Food waste management has been a topic of long debate in Hong Kong. Despite the total amount of MSW disposed at landfills appears to have stabilized over the past several years, the amount of food waste disposed has increased sharply in 2011.

If managed properly, the organic-rich food waste can be turned into valuable resources. Otherwise, it can create public nuisance, burden on landfills as well as serious impact on greenhouse gas emission.

The Environmental Division of the Hong Kong Institution of Engineers (HKIE) and the Hong Kong Waste Management Association (HKWMA) have therefore decided to jointly organize a one-day forum on Food Waste Management, drawing on the know-how from local and international experts.

The purpose of this forum is to provide a platform for the policy makers, government officials, academics, consultants, engineering professionals and property management practitioners to exchange views on food waste management policies, treatment technologies and management practices, taken into account the unique constraints and circumstances in Hong Kong.

with Food Waste Management**

Venue and Date

Venue: 4/F, Conference Hall, HKPC Building,
78 Tat Chee Avenue, Kowloon, Hong Kong
Date: Thursday, 6th December 2012
Time: 9:00 am – 5:30 pm

Fee

Normal registration: HK\$500
HKIE or HKWMA Member: HK\$300

Lunch is not included. Limited seats will be offered for registered full time students of tertiary education institutions. Registration confirmation will be sent to successful students.

Organizing Committee

Co-Chairmen: Ir Kenny Wong & Ir Barry Lee
Members: Ir Prof. Irene Lo
Ir Louis Chan
Ir CF Lam
Mr Jude Chow
Mr Enoch Wong
Ms Kitty Lee

Programme

Reception

Welcome Remark

Ir Kenny Wong
Co-Chairman of Organizing Committee

Keynote Speech

Mr Wong Kam-sing, Secretary for the Environment, HKSARG
香港特別行政區政府環境局局長黃錦星先生

Tea Break

Session 1

Session Chair – Ir C F Lam
Policy Issues

Strategic Policy on Food Waste Treatment in China (TBC)

Prof. Wang Wei-ping, Special Advisor,
Ministry of Environmental Protection, China
國家環境保護部特邀監察員王維平教授

Policy Direction of Food Waste Treatment in Taiwan (TBC)

Mr. Chen Hung-yi, Deputy Executive Secretary,
Recycling Fund Management Board, EPA, Taiwan
台灣資源回收管理基金委員會副執行秘書 陳宏益先生

Food Waste Handling Policy in Korea (TBC)

Mr. Samuel S. Rhee, Senior Technical Advisor of International
Business Cooperation Office,
Korea Environmental Industry and technology Institute

Q & A

Lunch

Session 2

Session Chair – Ir Louis Chan
Technologies Aspects

95% of Municipal Solid Waste into renewable Energy

Mr. Frank J. Riedel, Inter Engineering, Germany

How to Transform Animal & Food Waste into High-quality Organic Compost by Vertical Mixing Method?

Mr. Ken Miyagawa, Managing Director, Chubu Ecotec, Japan

Technical Challenges of Composting of Food Waste in Taiwan

Prof. Lin Chit-san, Ph.D., P.E., Dean, College of Ocean Engineering,
Dept. of Marine Environmental Engineering,
National Kaohsiung Marine University, Taiwan
