Synopsis

Building on the success of the first “Hydrogen Economy Conference” in 2020, we take great pleasure in organizing the “**Second Conference on Hydrogen Economy**” (HEC2021) this year, in good time with the recent announcement of “**Hong Kong's Climate Action Plan 2050**”. With due considerations to the current COVID restrictions on travelling and physical attendance, the Conference this year will be held in **full virtual mode**.

Apart from being a clean energy by itself, **Hydrogen (H₂)** also contributes significantly towards achieving **Carbon Neutrality (碳中和)**. We are also very pleased to have the **Hong Kong Trade Development Council (香港貿易發展局)** as our **Event Partner**, and we are delighted that our Conference this year is an official event of the **Eco Expo Asia 2021**.

We are also very honored to have **Mr. Wong Kam-sing (黃錦星先生) BBS, JP, Secretary for the Environment** of The Government of the HKSAR to be our **Guest of Honor**, delivering his **Keynote Speech** at our Conference. Furthermore, we are pleased to have four (4) world-renowned experts delivering their speeches, sharing their know-hows and insights, as well as the latest updates and policy directions at this event. The Conference Rundown is as follows:
