

## Technical Forum: EIA for the Airport Three-Runway System Project

To meet future air traffic growth, the Airport Authority (AA) has been planning to expand Hong Kong International Airport into a three-runway system (3RS) and has completed the Environmental Impact Assessment (EIA) for the project. To provide an opportunity to explain the details of the 3RS project EIA study, the Hong Kong Green Strategy Alliance (HKGSA) and several professional organizations are going to host a technical forum to provide more detailed information.

Date	12 July 2014 (Saturday)
